WORK EXPERIENCE

Front-End Developer MyYogaTeacher

04/2022 - Present

Bangalore

Wellness and Fitness Services

Achievements/Tasks

- Skilled in **React**, **Redux**, and **Tailwind CSS** with expertise in micro front-end development. Proven experience in building scalable, responsive web applications and crafting intuitive, user-friendly interfaces.
- Driving Excellence with Test-Driven Development: Writing robust unit tests using **Vi-test** and **React Testing Library** while shaping the overall testing strategy to achieve **100% code coverage**.
- Collaborating for Success: Actively engaged in **technical analysis**, **UX discussions**, and **API design**, working closely with the back-end team to ensure **secure** and **high-performance** integrations.
- Utilized **Redux** for robust **state management**, ensuring smooth and predictable application behavior.
- Demonstrated skill in implementing **micro front-end** architecture for developing organized and scalable web applications. And Leveraged **APIs to efficiently integrate data into frontend applications**, enabling real-time updates and enhancing the functionality of web platforms.
- Successfully led three simultaneous projects, demonstrating **multitasking** and **leadership** skills.
- Collaborated closely with the **UX designers** to ensure the seamless integration of visual elements, resulting in aesthetically pleasing and **user-friendly web applications**.
- Streamlined teamwork by collaborating with **product owners**, **QA engineers**, and **back-end** developers to ensure efficient project coordination and successful delivery.
- Awarded **Strength Builder** and **Stress Reliever** of the Quarter for key contributions, providing solutions to complex challenges, ensuring seamless workflow, and maintaining a positive work environment.

EDUCATION

Bachelor's of Engineering Acharya Institute of Technology

08/2016 - 08/2020

Bangalore
